White paper version 2

Total Supply: 186,000

Princess Token: PRINC

The BTCPrincess discord server has been around almost a year now. During this time, I went through some of the most challenging experiences of my life, and my community were there for me. They gave me a reason to get out of the situation I was in. Some of them helped me financially while some of them were just there for support—even if it was to tell me to stop making excuses and leave. I owe it to them and others who are in the same situation as I was in. Maybe the use case isn't completely clear and we haven't donated any money yet, but it's not just about money. This movement is about coming together and making a change. I am doing this for myself, for my family, for my community and for all the women who don't have a voice. And it's not just about women really—it's about anyone who feels small, silenced—like their pain doesn't matter. It's hard to describe what it is like being in that situation, but those who abuse literally destroy someone until there is nothing left. If it wasn't for my community, I wouldn't have gained this strength to walk away and do something. I want to do that for these women, children, those who are LBGTO, those who are disabled or poor and being taken advantage, belittled and made to feel like they are trapped and controlled. I know I can't fix this, but I am hoping that if we stand together in solidarity, maybe someone will stumble across my website and see the resources I am pulling together. Maybe they will join the discord server and become a part of the community. Heck, maybe they will send me an e-mail just to tell me what they're going through. Yes, Princ is a bit of a meme token, but it's also for the community and it's also to raise awareness and support victims of domestic violence. Maybe some people will buy it and get rich, and that is great, but the end goal is about bringing people together and stopping the epidemic of violence

Minting and Supply

On 6/6/2023, the Princ team voted that no more minting of Princ would occur. When the contract was written, the team was unsure how many Princ to mint. Now, after the coin has been circulating for a few months, the Princ team agrees that 186,000 Princ shall remain the total supply indefinitely.
